EMPLOYMENT STATISTICS : AUSTRALIA, JANUARY, 1951

The Commonwealth Statistician has issued a preliminary statement relating to employment in Australia during the month of January, 1951, with corresponding figures for earlier months. Detailed statistics on all groups mentioned below will appear shortly in the usual monthly Bulletin.

Monthly records of employment referred to in this statement relate to all wage and salary earners except those in rural industry and female private domestic service, and therefore cover about 90 per cent of all wage and salary earners in employment. Figures quoted are subject to revision.

Particulars of wage and salary earners in employment in Australia, according to main industrial groups, are shown in the following table for the months of January, 1950, December, 1950 and January, 1951.
